PROFESSIONAL SUMMARY

A highly motivated 3rd-year Information Technology student at City College of Calamba with a strong foundation in web development, graphic design, and computer networking. Passionate about building automated systems that solve real-world problems and creating clean, user-centric designs. A collaborative team player with strong problem-solving skills and a commitment to continuous learning.

EDUCATION

Bachelor of Science in Information Technology
City College of Calamba | Calamba, Laguna
Expected Graduation: 2028

Relevant Coursework: Software Engineering, Database Management, Web Development, Data Structures, Network Administration.

CERTIFICATIONS & LICENSES

TESDA NC II – Computer System Servicing | *Issued: July 24, 2026*

TESDA NC II – Electronic Products Assembly and Servicing | *Issued: June 28, 2024*

Cisco Certified Network Associate (CCNA) | *Cisco Systems (2020)*

PROJECT EXPERIENCE

Web Developer & System Designer | *Makiling Integrated School (SE2 Project)*
2026 – Present

Designed and developed a web-based automated teacher scheduling system for a real-world client to replace manual scheduling.

Gathered system requirements directly from school administrators and implemented a conflict-detection algorithm to prevent overlapping classes.

Built the platform using PHP, MySQL, JavaScript, and Bootstrap, with features including drag-and-drop timetable editing and printable schedule generation.

Graphic Designer | *Academic & Projects*
2026 – Present

Created brand identities, digital illustrations, and social media marketing assets for various academic projects and small clients.

Utilized industry-standard tools such as Adobe Photoshop, Adobe Illustrator, and GIMP to produce high-quality, print-ready designs.

Managed multiple projects simultaneously, balancing design deadlines with academic workloads.

TECHNICAL SKILLS

Web Development: HTML5, CSS3, JavaScript, Phython, MySQL, Bootstrap

Design Tools: Adobe Photoshop, Adobe Illustrator, GIMP, Canva

Networking & Hardware: Computer Networking, System Administration, Hardware Troubleshooting, Network Configuration

Tools & Platforms: Git/GitHub, Windows Server, Linux
